The Tower

TUCK'S POST CARD

CARTE POSTALE. POSTKARTE.

The Tower. Julius Cæsar is credited with its foundation, but probably even the White Tower was not built before William the Conqueror's time. For 500 years our Kings and Queens frequently resided here, but after Charles II., Royalty avoided the Tower. The Crown jewels are kept here. On Tower Hill kings, queens, princes, and nobles have died by the axe, and in the Tower Church lie Anne Boleyn, Lady Jane Grey, and many other victims.
